EDUCATION

AUG, 2023 — CURRENT

MIT-WPU School of Design, Pune
PRODUCT DESIGNER
Bachelor of Design (B.Des)
Product Design
4th Year

2023

Loyola Junior College, Pashan, Pune
SCIENCE: PCM GROUP
Higher Secondary Certificate (HSC)
Score: 72.33%

2021

Bhartiya Vidya Bhavan, Pune
Secondary School Certificate (SSC)
Score: 89%

SKILLS & ATTRIBUTES

Softwares

AutoCAD · Fusion · Rhino · Blender · Figma · Illustrator · InDesign

Research
User Research & Analysis
Field Interview Techniques
Technical Product Analysis

Sketching & Ideation
Concept Generation
Technical Sketching

Presentation
Documentation
Prototyping

Soft Skills
Adapts quickly to new tools and methods
Strong time management
Detail-oriented through execution

EXPERIENCES

Industrial Design Intern
DOMINIX Global Design Pvt. Ltd. — 2 months
Designed a magnetic-cap sandalwood ballpen and a speaker (sketch to 3D model); created contextual t-shirt renders for brand website.

Industrial and Space Design Intern
Life Transformation Centre — 2 months
Designed 9 full-scale landscape installations end-to-end, from ideation to on-site-ready fabrication, including complete site measurement.

Exhibition Design Intern
InDesign Studio — 1 month
Curated spaces translating German poetry into immersive public experiences; arranged installations for spatial flow and emotional depth.

Product Design Intern
Artistic Licence Studio — 2 weeks
Applied wood treatment and finishing techniques on handcrafted objects; observed raw-material-to-object fabrication processes.

Design Observership
Sonashree Manufacturing Company — 2 weeks
Gained exposure to automobile part manufacturing and production workflows.

DESIGN ENGAGEMENTS

DevConf Lightning Talk
"Designing Seamless Products: How Form Communicates Function"
Behance_DevConfTalk

48hrs Designovation Hackathon 2025 (Participant)
Developed a concept for a medicine bottle cap
Behance_MedicineBottleCap

Futuring Design Workshop (Participant)
Explored future materials and speculative design for Indian homes in 2035, through hands-on collaborative sessions.
Material Futures For Living

Design XPO 26'
Time Management Head –
Led end-to-end scheduling and execution of event timeline

Infrastructure & Decor Co-Head –
Planned spatial layout and pavilion allocations. Coordinated with vendors and managed on-ground execution

Volunteer – Indian Handicrafts Pavilion
Executed installations and supported pavilion setup
